How green the ivy; how deep its roots? Just when do brick and mortar acquire a personality; an aura of tradition? We don't profess to know, but somewhere between 1917 and 1959 this change took place at Hammond High. We of the class of 1959 are proud to have been a part of this transition during the fifties. We envy you, the underclassmen, the privileges your four years entail. Bear proudly our traditions into the next decade; mark you well this trust!

THE '59 DUNES

The Last of the

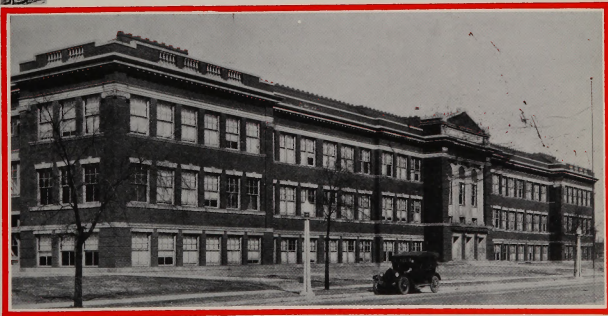

Presents, 1958 and 1959,

FABULOUS FIFTIES.

How fast does ivy grow? As fast as a boy—or-girl—a few inches each year. In 1917 Hammond High School stood new, its barren red brick walls rising from a stark prairie; its student body barren of tradition. Year by year as the ivy spread over the walls, so did Hammond High's traditions increase, augmented by each succeeding class.

HAMMOND HIGH, 1922

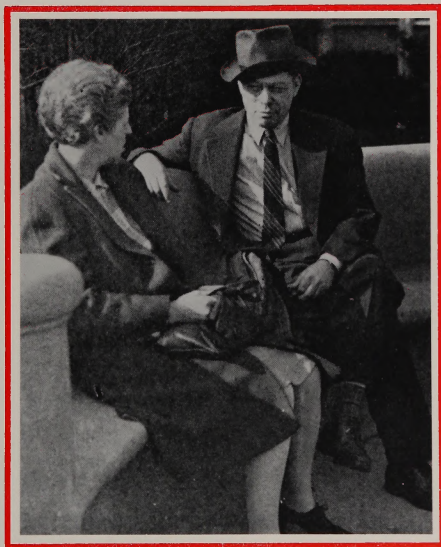

Academic Excellence;

When an academic subject is mentioned, the topic of conversation generally changes to something more social in nature—such as Saturday night, or a related field. Academics, however, include more than the test or the term paper; they include the fun, the quips, and the honors won for work well done.

Hammond High School was fortunate in 1959 in having an excellence in academic pursuits. It was

one of three Indiana high schools to receive a special First Class Commission from the State Board of Education; it was one of the 54 schools across the nation teaching a unified four-year mathematics course; it had more Merit Scholarship semi-finalists than all the other region schools combined, and finally, it boasted "one of the best classes ever graduated from Hammond High."

MISS McGRANAHAN, MR. HENDRICKS, 1946

Another Tradition,

A major social event every two weeks, from September 19, 1958 to June 9, 1959, proved that an enthusiastic student body and an active Association could bring social life at Hammond High from a glowing spark to a roaring flame.

In early October, the Association made a gamble—

and it paid off in the largest, most successful Homecoming students could remember. The traditional parade of student-decorated cars and floats, and a Homecoming Queen with her court, were the results of what a high school Association can do when it has the support of the students themselves.

A Challenge, A Record,

Though some may remember 1937 for its overwhelming spirit, for its superiority in academic subjects, or for its pulchritude in girls, most remember it for its athletic prowess.

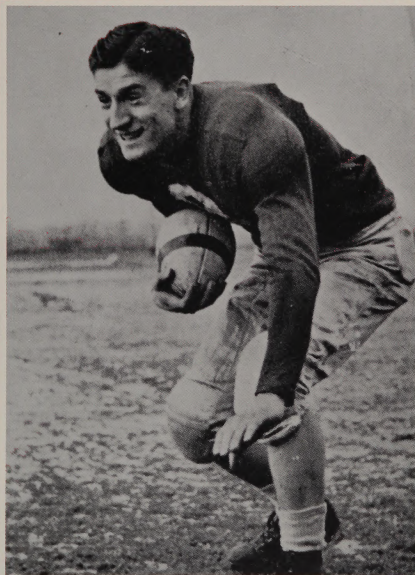

So may 1959 be remembered for its teams. Let us, purely for the sake of illustration, look at its football record. Rated first in State for six weeks in succession, Coach Krueger's Wildcats howled their way through their first eight games boasting an average score of 34-2, to be stopped Halloween night by the Evansville

Reitz Panthers in a 13-all tie. With its spirit at a new peak, Hammond High rested on the City and Northwestern Conference titles and waited for the State playoff. It never came. The boys who couldn't be stopped, were stopped, by one half of a yellow report card bearing the rudely scratched words, "WILL PLAY."

Had we drawn the right half, perhaps we would have taken State; perhaps not. That is part of the record, written in mud, and sweat, and sometimes tears.

Growing Clubs, Growing Interests,

Walking down Hammond High's halls on a Wednesday morning, a person might hear a heated discussion on pi mesons or an argument on the virtues of a 35mm. camera; he might listen to a state representative talking about a new bill or the senior judge asking a student how he pleads; he could hear the roar of a rocket engine or strains of a jazz combo. Clubs meet Wednesday mornings!

Clubs are islands of interests. Where else, but in Hammond High School, could one find such a medley of organizations, each boasting a large membership? Clubs have long been popular at Hammond High and will continue to be, as long as students find time to share their interests with others.

AIRPLANE CLUB, 1940

An Eastern Influence

Most teachers will tell you that through the years, while the basic attitudes of students show some change, the biggest and by far the most obvious transition is that of dress.

The six students on the opposite page are impeccably Ivy. Originating in Eastern colleges about 1955, the style was recognized at once by dress con-

scious students as being "sharp." A glance will show that the trend toward neater dress is reflected in Ivy League style.

Yes, fashion has progressed since the early ways of dress—the long black hose—the high top shoe. . .or has it?

Frosh Introduction, College Night

LEN CLARK, Association president.

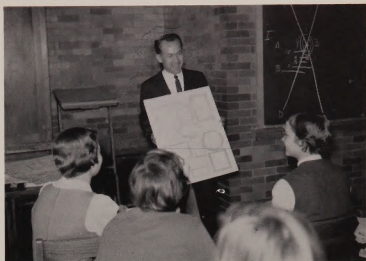

Orientation was the first school function of the year. Incoming students formally met Dr. Rapp, their counselor, the Association officers, and their alma mater for the next four years. After the new students were briefed of both custom and conduct, a guided tour of Hammond High completed the frosh introduction.

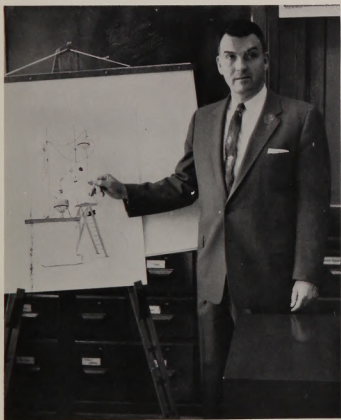

Annually, Hammond High and Hammond Morton sponsor a college night, where students are able to meet nation-wide college and university representatives. Questions and answers regarding tuition, fees, and campus life help students find the college which is best suited for them.

Industry Presents . . .

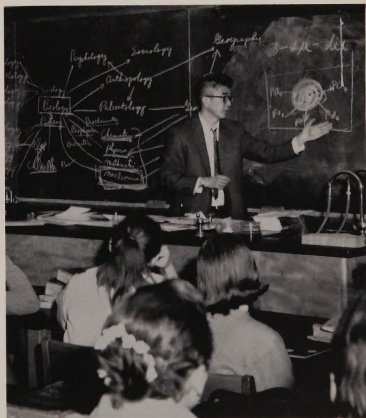

Serving the school in the fifth annual Speakers Program, representatives from area business and industry helped students to decide on a future vocation. The talks were presented in mathematics, science, social studies, language, and journalism classes, covering topics which ranged from crime detection to bacteriology. These were given by experts in their respective fields.

Addressing a Journalism I class on the essentials of good advertising layout is Dale Hunziker, Retail Advertising Manager from the Hammond Times.

Henry Nolting, General Foreman of the Heavy Oils Department at the Standard Oil Company, talks to a chemistry class on some technical aspects of oil refining.

An associate professor of chemistry at the University of Chicago and a consultant at the Argonne National Laboratories, Dr. E. R. Sato discusses biochemistry with a biology class.

D.A.R. Award

Personable Sandra Seely, better known as "Susie" around Hammond High, was this year's recipient of the DAR award. Based on dependability, leadership, service, and patriotism, the award is one of the most coveted by senior girls.

Sixteenth in her class, Susie studied hard in addition to being secretary of the senior class, and a member of the National Honor Society. She was active in school functions all through high school; a House Representative in her freshman year, she also joined Junior Red Cross and Booster Club. Her sophomore year included a part in the all-school play, and she was the Girls' State Representative as a Junior.

.. For a Job Well Done

Though they were not nationally recognized, several students were cited for their work in social studies and interest in world affairs by appearing as a panel with Mr. Carter Davidson during an auditorium session. They appeared again on Mr. Davidson's television program, "World Spotlight," on Channel 11 to help discuss and analyze the news.

Right, SEATED: Alice Gautsch, Len Johnson, Lynn Block, Bill Lowery. STANDING: George Glendenning, David Moore, Warfren Wickelgren, George Sparks, and Mr. Carter Davidson.

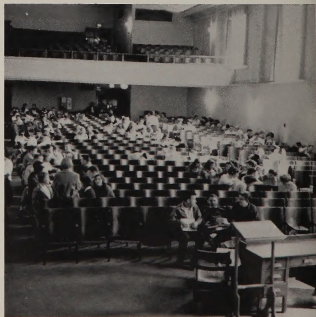

The Association inaugurated a "Big Brother" program to orient the mid-term freshmen with their school. Though some of the Big Brother upperclassmen were only 5-6, they carried out their mission; showing and telling all—about Hammond High School.

Dick Pruitt points to a room to avoid, to his underclassmen buddies. Rudy Rudolph (far right) shudders at the thought! (Just kiddin', Mr. Nelson).

And Big Brothers

Mid-Terms

Seemed like classes no sooner got settled than semester finals rolled along. Studying between finals, students filled every nook and cranny in the school. It was the only time of the year that the auditorium was quiet (during noon hours).

Graduation — At Last!

June 11, 1959, the senior class solemnly sat in almost 400 folding chairs on the Civic Center floor and waited to be graduated.

Their high school years were over. Gone was the fun in chem lab, the "N.R.L.'s" in Comp VIII, those special days, the Mardi Gras, the games, the pep sessions. Gone forever were the "Senior Privileges" at DOHHS. The last class of the Fabulous Fifties was swiftly disintegrating, and, as the applause faded with the final strains of "Pomp and Circumstance," nothing remained but empty halls and memories.

Administrative

Dr. Oliver Rapp, one of the busiest men at Hammond High, has been principal throughout the "Fabulous Fifties." During that time, Dr. Rapp received his Ph.D. from the University of Illinois.

Hammond High's "Three Musketees," Hazel, Joan, and Pat, on daily duty cheerfully checking, answering, and questioning from early morning till long after the halls are empty.

English

No matter what field of work one enters, his success will greatly depend upon how effectively and intelligently he can express his own ideas and interpret those ideas of others.

The Department of English at Hammond High offers a total of seventeen English courses in the four phases of communication—speaking, reading, writing, and listening—giving the student opportunity to become proficient in each.

Mathematics

Helping to prepare the student for a highly technological world, in which mathematics plays a major role, is the Mathematics Department. Perhaps more important than the knowledge gained is the training received in logical, clear thinking. A new four-year unified mathematics course was introduced this year, the purpose being to correlate the fields and concepts of algebra and geometry. Ten mathematics courses are offered by the department.

The seven science courses offered by the Department of Science include health and safety, biology, physics, and chemistry. A knowledge of these fields is invaluable to everyone, whether he intends to enter a field of science or not, for not only does it enable the student to answer "why" to many everyday questions, otherwise baffling, but it also helps to form logical thinking patterns.

The Herald staff this year founded a new magazine, the Temulac, which made its debut at Easter time. The second appearance was at graduation. Tentatively, next year it will appear twice a semester.

A new nameplate, book paper in place of newspaper, gave the Herald a new look this year. The emphasis was placed this year on the students and their accomplishments in every field of endeavor: sports, scholarship, student government, and school activities.

Phyllis Goldstein was editor of the publication. Lynn Block as news editor, rode herd on reporters Jackie Seglin and Bev Stanners. Working under feature editor, Sue Argus, were Helen Tiliakos and Lynn MacGowan. Cindy Roth and Nancy Ebert sold ads for the Herald. Mr. A. T. Bolt was sponsor.

SPECTATORS AT NOON HOUR BASEBALL

Homecoming Thrills

The blare of horns and the largest car parade in Hammond High's history ushered in the 1958 Homecoming. After the din died down, some 6000 students sat and watched the Wildcats defeat East Chicago Washington 14-0 for the Northwest Conference Championship.

After the game, the crowd walked over to the Civic Center for the Homecoming Soc Hop, bringing to an end one of the most successful school functions of the year.

Above: Lenny Clark introduces a bevy of homecoming beauties to the crowd: Senior Princess Gail Bomberger; Junior Princess Georgianna Dase; Lenny and Queen Sandra Mayes; Sophomore Princess Lynn Johnson; and Freshman Princess Terry Willoughby.

Bottom: The crowd stands off from the roaring bonfire the night before homecoming and cheers itself hoarse as the queen and her court are announced.

"Eat 'em up!" yells Mike Zagorac, beating a mean rhythm on the top of Jim Kalan's "car," as Jim plays a trumpet accompaniment.

Above: Quarterback Lou Reynolds plunges through for another gain as big Don Brumm opens the gap a little wider.

Left: Regulars Jim Nelson and Ed Dembowski look on from the sidelines in a key moment during the hard-fought game.

Tension mounts as the storm rages outside the Van Gorder mansion.

Fall Play —

"The Bat"

Upperclassmen Take in Washington

Junior and Senior students from four Hammond High Schools went on an educational jaunt to Washington, D. C., through special arrangements by the Erie Railroad.

Traveling by train, bus, boat, and by just plain hoofing it, the upperclassmen took in all the sights in and around the historic area.

(And How It Blew!)

The heaviest snowfall since 1938 closed Hammond schools as the temperature plunged to 18 below. Two days of snow-bound delight followed for the students.

Below Right: Two chilly monitors, Grace Lamberg and Sandra Driscoll, bundled up as the temperature dropped when the partitions were removed from the doors.

The Yuletide Season

Above: Mike Zagorac and Pauline Rauer pause on monitor duty to admire the Christmas tree in the main hall.

The smell of pine needles in the halls . . . the faint strains of " . . . venite adoremus . . ." from a Latin class . . . the laughter in a homeroom party . . . a candlelight processional . . . and a book-laden teacher leaving for the holidays, mean but one thing to a Hammond High student—Christmas. A time of the year long-awaited by many—and not just for the two week vacation—Christmas at Hammond High is observed with something "special," whether it be a sincere "Merry Christmas" to another student or an extra moment of silence at the Christmas auditorium. It is a time of genuine holiday spirit.

Right: Almost silhouetted by the huge cathedral stained glass windows, put up by the Art department, a couple slowly walks up the main stairs.

Right: Making even more of a hit, Peg Cashdollar and Mary Cramer, dancing to "modern jazz," leave 'em yelling for more.

The Mardi Gras was held Friday, March 6. Funfesting students gave a royal welcome to the gala affair. The halls transformed into a World's Fair, each club sponsoring a concession representing some country. "Une Nuit A Bruxelles" was the theme of the Association stage show.

The Campaign's On!

The six candidates beam at the camera after their campaign speeches: Tom Dorris, John Tweedle, Tom Turpin, Ave Colby, Donna Anglen (who spoke for Nancy Scholl), and Linda Selzer. The winners were John Tweedle, President; Ave Colby, Vice-President; and Linda Selzer, Recorder.

The halls blossomed posters, the drinking fountains offered "free drinks on . . .," and the halls blared forth campaign slogans. It was election time at Hammond High, to choose next year's Association officers.

This historic photograph—showing John Highland getting off a good joke—gives a good picture of the Dress-Up Day crowd. SEATED: John Highland, Ron Nichols, Betty Kinsey, Stan Krejci, and Tina Tinkham. STANDING: Allen Kuehl and Bill Lowery.

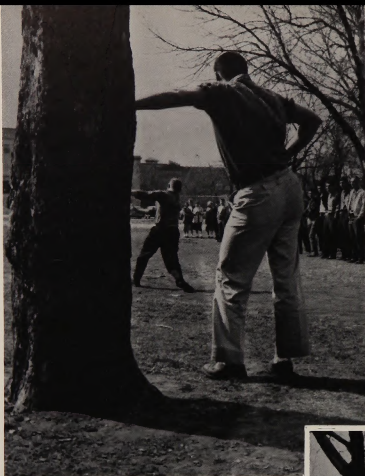

Association Week

Association Week is held annually the first week in April. A time when school esprit de corps is especially high, the five days bring attention to the Association and its work throughout the year.

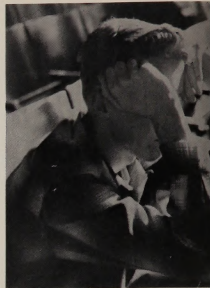

"March on to April" was the theme of the Association Banquet, where chicken dinners were served to boosters. Dress-Up Day saw a dressed-up student body sporting carnations with class colors.

Bill Lowery chuckles with fiendish delight as he and Liz Thornton watch the well-oiled Munster team wallop Hammond in noon-hour baseball, 83-0 (first inning).

Spring — At Last!

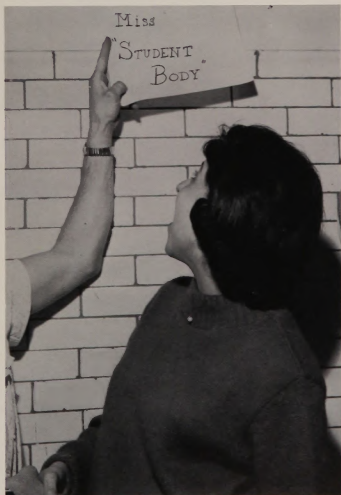

for the weather to clear

Although they were dreaded, those cold, rainy mornings came anyway.

Students waited and waited and one warm day, it came—Spring! The noon-hour auditorium erupted its winter-weary students into the balmy spring air.

When the restless seniors weren't cramming for period tests, they were generally just resting up. Oh, not to say they didn't study, but spring and graduation and all—well, it was just too much to resist.

“Mood Indigo” — The 1958

May 16 . . . just a date: Well, not for those who attended “Mood Indigo,” the 1958 Prom. The juniors’ annual gift to the nearing graduates—and certainly the highlight of the social year—was described by a breathless junior girl as “pure enchantment.” And who, among the tuxedoed boys and their dates, could deny it?

Below: Dancing to the music of Curly Mottinger, Mary Lou Kent and Don Norris exchange greetings with Fran Conces and her date, A. J. Canning.

Junior-Senior Prom

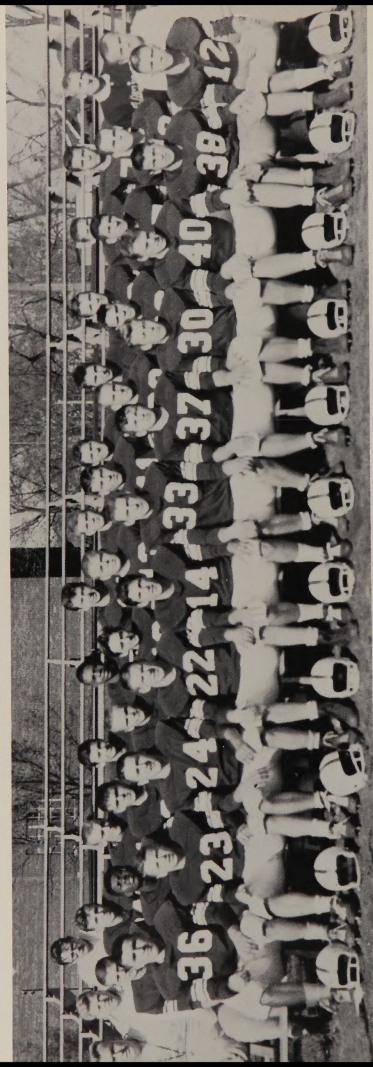

From the time they watched the sun go down May 16 to the time they stood in the pink rays of morning light the next day, couples experienced a date they would never forget. Whether they chose a Chicago night-spot or a private party to attend after the Prom, most couples met with friends the next day at the beach to bring a finish to a "perfect" weekend.

SECTION . . .

The Association

CABINET MEMBERS: Jackie Seglin, Secretary of Student Publicity; Bill Lowery, Secretary of Student Activities; Ken Gust, Secretary of Student Organization; Jim Kalan, Secretary of Student Discipline; Ann Miller, Secretary of Student Safety.

THE ASSOCIATION

The great binding force behind all school activities at Hammond High is the Association. Patterned after our national government, a house, senate, cabinet, and court, as well as the executive officers help to carry on the many functions necessary to assure a successful high school government.

A cabinet position, Secretary of Student Organizations, and a Club Council were added to boost club spirit and to help correlate club activities.

The Association sponsors, Miss Virginia Allen and Mr. James Hill, can be proud of the work done by its officers, President, Len Clark; Vice-President, John Highland, and Recorder, Gail Bomberger.

(Officers on page 85)

COURT MEMBERS: Frosh. Judge, John Rudolf; Soph. Judge, Doug Trollson; Rec., Linda Selzer; Chief Justice, Jim Kalan; Sr. Judge, Don Norris; Jr. Judge, Benny Norris; Bailiff, Ricky Foltz.

Special Interests

DRAMATICS CLUB

The requirements for the Dramatics Club membership are an interest in dramatics and a willingness to participate in club activities. The purpose of this club

is to increase interest in Dramatics and to give practice in the dramatic arts in connection with school plays. The sponsor of the club is Miss Elizabeth Anderson.

CRESCENT CITY JAZZ CLUB

Science Clubs

Mr. Lawrence Lundgren, sponsor of the Sci-Math Club, will attest that anyone interested in any science will find friends in Sci-Math. In addition to several trips to nearby industries, discussions were held each meeting.

An interest in the biological sciences led students to join the Biology Club. Spearheading the year's activities were a series of seminars conducted by the club members themselves. The annual field trip was held at the Dunes State Park in the spring under the direction of the club sponsor, Miss Virginia Esten.

The Hammond High School Rocket Society was organized in 1958 by a group of missile enthusiasts. Under the sponsorship of Mr. Donald Clark, the club made several successful launchings of solid fuel rockets for a local TV news program.

Service Clubs

The Junior Red Cross, a service club that primarily helps needy groups in the Calumet Area, is sponsored by Miss Barkes and Mrs. Donham. The main project of the club this year was to make place mats at Christmas time for St. Anne's Home.

The Y-Teens is designed to promote a world of fun and fellowship; this year the club recognized Thanksgiving by joining together in the sharing of a turkey dinner. The services of this group are rendered to the school and community. The organization is sponsored by Miss Hausknecht and Mrs. Halfacre.

The purpose of the Hi-Y Club is that of universal brotherhood. One of the boys' favorite activities is the entertainment of individual orphans for a day. Last Christmas they gave food baskets to needy families. Mr. Don Moretton sponsors the group.

PEOPLE

SECTION . . .

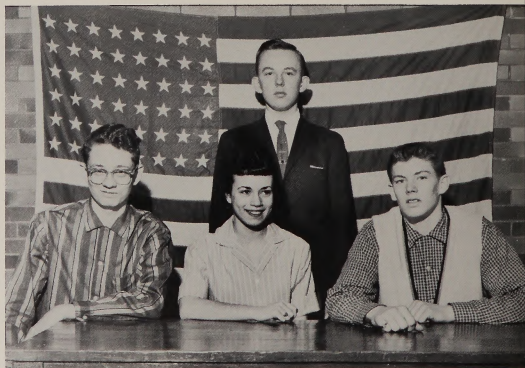

The varsity debate team, under the coaching of Mr. T. D. Reed, finished with a record of 36 wins in 40 debates, including a new record of 25 consecutive victories. After placing second in the Metropolitan Debate League competition, the team won the right to represent this district in the state finals.

SEATED: Len Clark, Rita Cromwell. STANDING: George Glendening, Warren Wickelgren.

Debaters Take 36 of 40 Meets

Winning twenty out of twenty-six of their debates this year, the junior varsity debate team, composed of Calvin Bellamy, Linda Selzer, Tom Dorris, and John Tweedle, hopes to continue Hammond High's fine debate record next year.

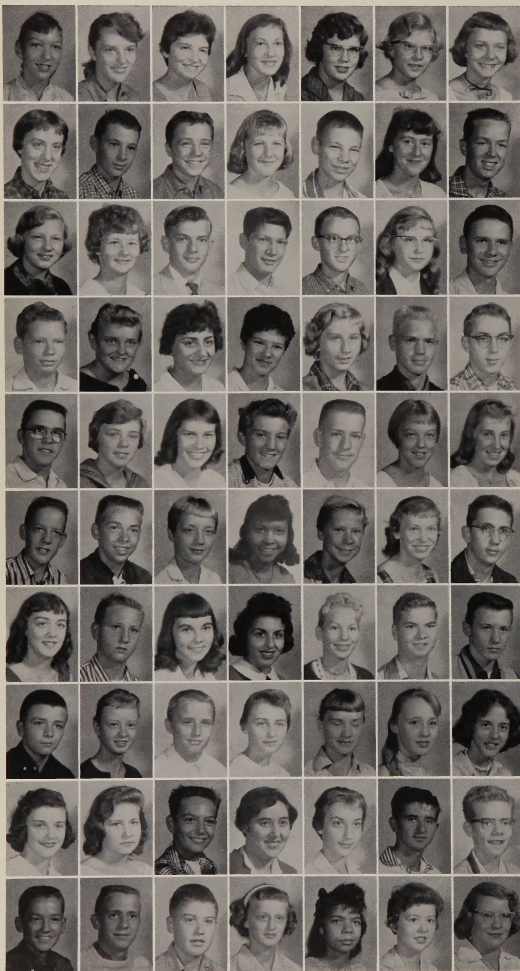

CLASS OF '62 OFFICERS AND SPONSORS—Left to right: Terry Ann Willoughby, Peter Powell, Kay Dell Franklin, Sharon Miller, Miss Emily Johnson and Miss Alice Bollin, sponsors.

Valedictorian

Robert, "Bob," Kaye was active in varsity tennis, which he represented in the H Men's Council. Serving his Association, he was parliamentarian for the House of Representatives. Bob maintained a 97.50 average, earning membership in Ace of Clubs, a freshman scholarship honorary, and the National Honor Society. He was chosen from the physics students in his junior year to attend the Engineering Institute during that summer at Northwestern University. Bob plans to attend Northwestern.

Salutatorian

Salutatorian Pete Bock had an interest in science all through high school; he was in Sci-Math Club, Electronics Club, and was a physics lab assistant. His senior year held the honors of National Honor Society, an honorable mention in the Westinghouse National Science Talent Search, and a first in the Indiana Science Talent Search. Pete plans to attend Ripon College, after which he will do graduate work at M.I.T. His grade average was 97.35.

Cooks 'n Custodians

Though never openly voiced, Hammond High's appreciation for the hard work done by the staff of eleven custodians was felt. These people kept our school and grounds looking neat.

Working for hours before the noon rush, the cafeteria staff always had a piping-hot lunch for hungry students.

Discussing the winter of '58 are custodians Erich Smoekel and George Earl, who is head custodian.

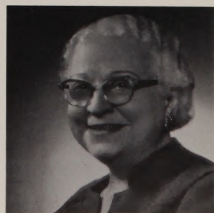

A SURE SIGN OF AUTUMN . . .

Most everyone will recognize these women; they comprise the Hammond High School cafeteria staff.

FROM LEFT: Marion Dobrzynski, Isabel Adoba, Cella Fabiyanic, Mary Zurawec, Rose Balog, Rose Horvat, Mary Mueller, Laura Mears. STANDING: Assistant Cafeteria Hd, Mrs. Geneva Boyd and Julia Femiak.

Cafeteria Manager, Miss Katherine MacIntyre.

THE Silhouette PROMISE

Here is your way to a happier, healthier, fuller life. Among all the different methods of figure control, Silhouette salons are unique. They provide you the newest and most ingenious equipment . . . every concept in slenderizing, figure contouring (reproportioning), and figure development . . . that have been perfected over the past 25 years. And Silhouette's staff of consultants keep the Silhouette concept ahead of all others, because it includes all others, in addition to our very own.

There are no classes to attend, no appointments to make. You arrange your visits to suit your convenience, as often as you like.

You will find the results of your Silhouette treatments most gratifying, both from a figure and psychological standpoint. Through your prescribed, personalized course, under the supervision of our experienced instructors, you will immediately feel better and look better.

This is our promise to you.

what's
their
future

The young people you see in these pictures are all on their way to successful careers in one of America's basic industries . . . steel. They decided (as we hope you will decide) to let Inland Steel Company help them plan their future.

Some are gaining knowledge and experience in special trades to become journeyman machinists, carpenters or electricians . . . some are concentrating on certain phases of steelmaking by working in the open hearth shops, the cold rolling mills or the galvanizing lines. Still others are working in laboratories building

a sound foundation for a future in steel research.

Inland offers the high school graduate an excellent opportunity to further his education. Employees may participate in a variety of on-the-job training programs, or they can continue their formal education by registering for evening courses offered by local Purdue and Indiana University Extension Centers.

Plan now to investigate the unlimited opportunities for you in steel . . . with the midwest's own steel company . . . INLAND STEEL.
